Survey Method

In February 2003, the South Dakota Criminal Statistics Analysis Center (SAC) surveyed sheriff offices in the State. A survey questionnaire accompanied by a cover letter was sent to all sheriff offices.

This was the 10th time the SAC compiled statewide management data pertaining to South Dakota sheriff offices. The results of this survey are intended to provide sheriffs with a valid means of comparing expenditures and resources of offices across the State. In addition, the results should provide the sheriffs with a substantial basis from which to justify future managerial decisions.

Currently, there are 66 sheriff offices in South Dakota (this figure does not include tribal agencies). Fifty-five offices returned surveys yielding a total response rate of 83%.

The survey instrument is a self-report completed by the sheriff or office staff. All questions were designed to be objective; however, some questions may have been subject to different interpretations. Thus, this report can only reflect summary results that are as valid and accurate as the data provided by each office.

It should also be noted that salary data throughout this report are approximations. Due to the number of personnel at any given rank and the diverse salaries relative to each officer, such approximations were necessary in order to perform overall summary calculations.

The completed questionnaires were encoded and verified by the South Dakota Criminal Statistics Analysis Center staff. If you have any questions regarding this information or desire additional copies of this report, please call Brenda Hesla, Criminal Statistical Analyst, at (605) 773-6312 or e-mail Brenda at brenda.hesla@state.sd.us.

The SAC Unit is housed at the South Dakota Division of Criminal Investigation (D.C.I.), which is located at 3444 East Highway 34 in Pierre. Kevin Thom is the Director of D.C.I.

General

The responding offices are arranged in ascending order by county population. This method of presentation allows the offices to make comparisons with other counties of similar size. The U.S. Census Bureau population for 2000 furnished the population figures. The counties are broken down by population as follows:

Population Groupings	
Population	Number of Offices
Under 2,000	5
2,000 – 2,999	8
3,000 – 3,999	6
4,000 – 4,999	6
5,000 – 6,999	7
7,000 – 9,999	8
10,000 – 19,999	7
20,000 +	8
TOTAL	55

Due to rounding, figures may not total 100%.

Eleven sheriff offices are the only entity housed within their building while 44 sheriff offices are housed with other offices, agencies, etc.

Of the 44 offices that are housed with others, 10 sheriff offices share personnel with the other entities housed within their building; 34 do not share personnel.

When asked if their office shares equipment with other entities housed within their building, 35 sheriff offices said yes; nine do not share equipment.

Budget

The survey asked to specify the sources of income for the office's budget in 2003. The total income available to the responding agencies ranged from a low of \$43,699 per year to a high of \$4,539,626 per year. The 55 offices had a combined budget income of \$24,239,500 for 2003. The vast majority (93%), \$22,477,460 of this total figure came from county funds. Federal funds totaling \$920,529 (4%) were received by nine offices. State funds totaling \$6,000 (>1%) were received by one office. Nine offices also indicated that they obtained funds from "other" sources totaling \$835,511 (3%).

The sheriffs were also asked to provide a breakdown of their total office budget expenses by six specific categories. The following table illustrates the cumulative totals for each.

Budget Expenses	
Personnel Salaries	\$14,562,710
Personnel Benefits	4,050,399
Operating Expenses	3,418,761
Capital Outlay	1,732,123
Communications	109,473
Other	366,034
TOTAL BUDGET EXPENSES	\$24,239,500

When personnel salaries and benefits were combined, they accounted for over three-fourths (77%) of the expenses incurred by sheriff offices throughout the State. Operating expenses accounted for 14% of the total budget, Capital Outlay 7%, Other 2%, while .5% of the expenses went to the Communications category.

Per Capita Cost of Law Enforcement

The 55 reporting sheriff offices serve counties ranging in size from 1,193 to 148,281 people (according to U.S. Census Bureau population for 2000). The combined total population of these jurisdictions is 680,995. By dividing the budget total expenses for all responding agencies, \$24,239,500, by the combined population of 680,995, a per capita cost of county law enforcement services of \$35.59 is obtained. The per capita cost ranged from a low of \$31.62 for the population grouping over 20,000 to a high of \$70.32 for the population grouping of under 2,000.

Separating the counties into their population groupings, the budget breakdown and costs per capita can be further analyzed:

There are approximately 4.6 county law enforcement officers for every 10,000 people in all of the South Dakota counties surveyed.

Sworn Personnel

The offices were asked to report the number of their full-time sworn personnel by rank; the following table illustrates this breakdown:

Rank	Number of Officers	% of Personnel
Sheriff	55	18%
Chief Deputy	29	9%
Captain	2	.6%
Lieutenant	8	3%
Sergeant	22	7%
Corporal	2	.6%

Officer Salaries

The Sheriff's salary schedule is set by SDCL 7-12-15. The statute states: "The salary payable to a sheriff shall be established by each board of county commissioners, by resolution, but may not be less than specified in the following schedule based upon the most recent decennial federal census of population of counties. The board of county commissioners may not decrease the salary of the sheriff during the term of office of the sheriff." (The following schedule is effective through December 31, 2003.)

County Population	Salary Schedule
Below 10,000	\$28,799
10,000-14,999	\$31,417
15,000-24,999	\$32,517
25,000-69,999	\$36,717
70,000 and over	\$40,090

The Sheriffs were asked how the wages/salaries of the sworn officers (other than themselves) in their offices are determined. Thirty-two of the responding offices (58%) indicated the salaries were established at the discretion of county commissioners. Twenty-one (38%) of the offices reported that a salary schedule or policy is in effect and two (4%) offices indicated "other".

Rank	Number of Officers	Highest Salary	Lowest Salary	Average Salary

Length of Employment

The following table breaks down the length of employment for full-time, sworn personnel (including the Sheriff) as of January 1, 2003.

Length of Employment	Total Officers	Percent Distribution
Less than 1 Year	29	9%
1 to 2 Years	45	15%
3 to 4 Years	36	12%
5 to 9 Years	83	27%

20 to 24 Years	18	6%
25 Years or More	13	4%
TOTAL	310	100%

Due to rounding, figures may not total 100%.

Twenty-seven percent of the officers have worked in their current office five to nine years. Nine percent have worked in their office less than a year.

Age and Gender

The survey asked to specify the number of full-time, sworn personnel by gender whose ages fell within certain ranges as of January 1, 2003.

Age Category	M	F	Total	Percent Distribution
Under 20 Years	-	-	-	N/A
21 – 24 Years	10	-	10	3%
25 – 29 Years	41	4	45	15%
30 – 34 Years	53	6	59	19%

65 Years and Over	-	-	-	N/A
TOTAL	283	27	310	100%

Due to rounding, figures may not total 100%.

Nineteen percent (59) of the full-time, sworn county law enforcement officers in South Dakota are between the ages of 30 and 34 years. Of the 310 officers that offices reported the gender breakdown for, 283 (91%) are male and 27 (9%) are female.

Education

After October 1, 1971, the Law Enforcement Standard and Training Commission required a high school diploma or the equivalent (GED) before any officer may be enrolled in the Basic Training Course. This course is necessary for certification as a law enforcement officer. Individual offices may have further minimum requirements for education to get hired or to achieve specific ranks within their particular agency.

The following table depicts the highest level of education attained by the full-time, sworn personnel.

Education	Total	Percent Distribution
High School or G.E.D.	121	39%
Less Than Two Years of College	49	16%
Two Years of College	42	14%

Officer Personnel Benefits

Sheriffs were asked if the office provided any of the following benefits shown in the table below to full-time sworn personnel during calendar year 2003:

Benefit	Yes	No
Retirement Program	53	2
Extra Pay for Time in Court	17	38
Compensation Time for Time in Court	14	41
Extra Pay for Longevity with Office	25	30
Extra Pay for Swing or Night Shift Duty	5	50
Uniform Provided (or cash allowance)	46	9
Cleaning Allowance for Uniforms	1	54
Clothing Allowance for Plain Clothes Officers	8	47
Weapons Furnished	34	21
Basic Equipment Furnished (i.e. handcuffs, leather, batons, etc.)	46	9
Cash Allowance for Equipment	4	51

Fifty-three offices (96%) of those surveyed offer a retirement program to their sworn officers. Forty-six offices (84%) furnish basic equipment to their officers.

Personnel Benefits

Education

Seven (13%) of the 55 responding offices provide tuition assistance for employees, 48 (87%) offices do not. Of the 48 offices that do not provide tuition assistance, one is considering instituting a program that would provide tuition assistance to its employees.

Insurance

South Dakota sheriff offices provide a wide variety of insurance plans for officers and their families. Offices pay for these plans in full or in part, thereby reducing the financial burden on each officer.

Vacation

The survey results have delineated great variation among the offices in vacation allotments, sick leave, and the number of paid holidays offered officers. Below is a table showing the method of accumulation for vacation time and number of agencies that utilize each method:

Method of Accumulation	Number of Offices	Percent Distribution
Monthly	24	44%
Yearly	11	20%
Every Pay Period	11	20%
Based on Years of Service	5	9%
No Vacation Allotments	4	7%

Sick Leave

Forty-eight offices (87%) have a sick leave policy; seven offices (13%) have no sick leave policy. The majority of offices (47% or 26 offices) can earn up to 96 hours per year.

Twenty-eight offices (51%) do pay for a portion of unused sick time when employees retire. The amount that is paid back varied from a range of 80 to 720 hours to a range of 20% to 50% of the sick leave balance.

Of the 48 offices that have a sick leave policy, 10 offices (21%) responded that they do get paid for unused sick time each year; 38 offices (79%) said no, they do not get paid for unused sick time each year.

Holidays

The following table demonstrates the number of official holidays with pay granted in the year 2003.

Number of Holidays	Number of Offices	Percent Distribution
0 Days	7	13%
6 Days	2	4%
7 Days	1	2%

Overtime

The following table shows what type of compensation, if any, is provided to officers who work overtime and the number of offices that utilize each type of compensation (an office may list more than one type of compensation):

Compensation	Line Officers	Supervisory Officers
Compensatory Time (Time off for overtime worked)	24 Offices	16 Offices
Paid Overtime (Extra pay earned for overtime worked)	28 Offices	14 Offices
No Compensation	15 Offices	30 Offices

Paid overtime is received by 51% of line officers and by 25% of supervisory officers. Twenty-five of the responding offices that receive paid overtime indicated the rate of time and one-half; three offices receive straight time.

D.C.I. (Division of Criminal Investigation) Identification Technician Rosalie Osterkamp is processing a state background check of an applicant for employment/licensing purposes.

Second Job

Forty-eight offices (87%) permit their officers to work a second job, seven offices (13%) do not. The following table demonstrates the limitations, if any, placed on sworn officers who routinely work second jobs (an office may list more than one type of limitation):

Limitation	Number of Offices
Type of Employment is Restricted	35
Office Must Be Notified	9
There are No Limitations	8
Number of Hours Limited	3
Office Must Grant Approval	30
Other	1

Vehicles

There were a total of 364 vehicles reported for the 55 responding offices. Vehicles owned accounted for 360 (99%) of the total vehicles while leased vehicles accounted for 1% with a total of four.

Twenty-four (44%) of the 55 responding offices indicated that they had no schedule or policy for replacing vehicles. Eighteen offices (33%) replace vehicles based on both age and mileage; eight offices (15%) replace vehicles based on mileage; two offices (4%) replace vehicles based on age; and three offices (5%) use another policy for replacing vehicles.

Offices were asked to list the number of vehicles owned or leased. The following table lists the number of offices and the total number of vehicles owned or leased.

Contract Law Enforcement

A section of the survey was devoted to sheriff offices providing law enforcement services to municipalities in their jurisdictions. Twenty-eight (51%) of the responding offices have a contract to provide law enforcement services to at least one of the municipalities in their county. Nine sheriffs, including Aurora County, Beadle County, Campbell County, Davison County, Jerauld County, Marshall County, Mellette County, Stanley County, and Ziebach County, indicated that their offices provide contract law enforcement services for all of the incorporated areas within their jurisdictions.

Five offices are paid based on an hourly rate with a range of \$20 to \$30. Thirteen offices are paid based on an annual rate with a range of \$6,450 to \$193,200. One office is paid based on a per capita rate of \$51. Nine offices reported “other” for the method of payment.

All of the 28 offices provide year-round contract services. The number of hours per month spent by these offices providing services to municipalities range from 19 hours to 1,200 hours. The average is 310 hours per month.

Ten offices (18%) have a contract to provide law enforcement services for federal agencies. Nine of these patrol federally owned property and one provides jail administration. Three of the offices provide this service year round and seven offices provide it seasonally. The hours per month for year round law enforcement services range from 183 hours to 24 hours/7 days a week.

Cities Not Under Contract

Forty-four offices report that a collective total of 165 cities of less than 1,000 population are not under contract with the sheriff's office. Several of those cities not under contract with the sheriff's office have on-call protection.

Marshall County Sheriff Office patrol vehicle. Dale Elsen is the Marshall County Sheriff.

Warrants

Forty-five offices served 33,801 warrants and received 35,126 warrants. As of January 1, 2003 there were 34,799 warrants pending.

Forty offices served 2,025 out-of-county warrants and received 2,407 out-of-county warrants. Sixteen offices spent a total of \$82,352 in extradition costs averaging \$5,147 per office.

Many offices have dedicated full-time and part-time positions to the processing of warrants. Of the responding offices, 46 offices have 134 full-time officers and 12 offices have 22 part-time officers. Eleven offices have 15 full-time civilians and six offices have six part-time civilians.

Civil Process

Fifty-one sheriff offices served a combined total of 55,466 civil papers in 2002. These offices collected \$537,408 in civil fees that were turned over to the County Treasurers. Forty-five offices collected \$94,415 for mileage fees that were related to the civil process.

Fifty offices returned 4,247 executions in 2002, at a total dollar value of \$1,499,824. It should be noted that five counties (Beadle, Codington, Harding, Pennington and Turner) have constables to aid in the civil process. Some counties do not record their civil process activities. Therefore, the statistics presented here should not be viewed as comprehensive totals for statewide civil process procedures. These totals are lower than the actual statewide totals would be.

Most of the sheriff offices keep track of the degree of satisfaction for executions served based on the amount of fees returned to the County Treasurer. Of the 4,247 executions reported, 975 (23%) executions were returned fully satisfied; 394 (9%) were returned partially satisfied; 2,510 (59%) were returned unsatisfied, and 368 (9%) were pending. Eight offices were not able to provide the number of executions. The degree of satisfaction should not be seen as a reflection on the quality of work done by the specific sheriff offices. Many factors are involved in whether an execution is satisfied or not, and these factors will vary among jurisdictions. One such factor includes executions that receive no action because they are in aid of garnishment.

Twenty-seven offices reported collecting a total of \$444,278 in delinquent taxes. Property taxes collected for the local county total \$55,979. Mobile home taxes collected for the local county total \$232,424. Sales and unemployment taxes collected for the state totaled \$147,219. Turner County collected \$5,427 in taxes that could not be broken down and Walworth County collected \$3,229 in excise taxes.

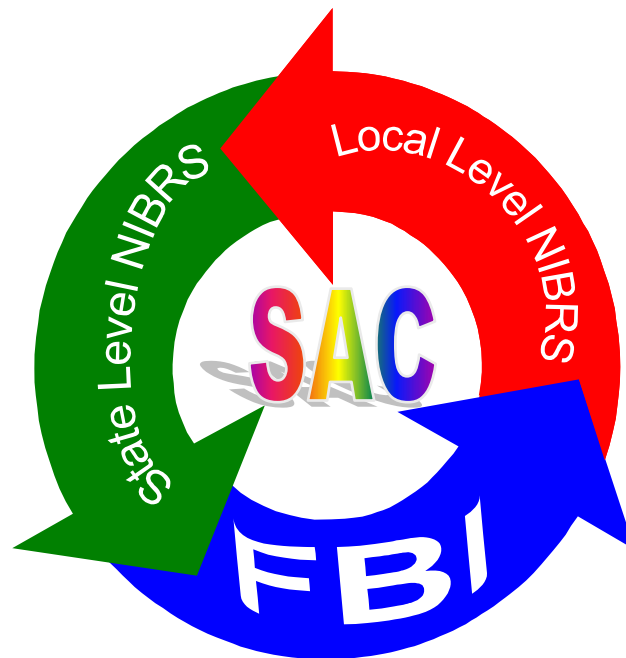

Sheriff Dogs (K-9)

Six sheriff offices (11%) reported owning a total of 6 dogs. Two offices are planning on purchasing a dog within the next two years. All six offices report that the dogs are primarily used for drug detection work. One dog has been used for search and rescue.

Crime Reporting (UCR/NIBRS)

Over half (71%) of the responding sheriff offices are currently participating in reporting crime statistics to the DCI/SAC Unit. Of the 39 reporting offices, 26 (67%) report NIBRS (National Incident-Based Reporting System) short form; six (15%) report NIBRS long form; and seven (18%) report UCR (Uniform Crime Reporting). Five offices indicated that they would be interested in reporting.

Of the offices currently not involved in reporting crime statistics, four offices have an alternate system to tally the major offenses that occur in their jurisdiction; 12 offices do not.

Let the S.D. Criminal Statistical Analysis Center assist your agency by furnishing free, user-friendly NIBRS software that offers more information and insight into the nature of crime, victims and offenders.

Turnover

Thirty-seven offices (67%) had no full-time officers leave their office during 2002. Thirteen offices had a total of 24 officers resign; six offices had a total of eight officers retire and four offices had four officers dismissed.

County Jails

Twenty-two (40%) of the counties responding to the survey operate a jail facility. Twelve (55%) of the facilities are classified as Regional Jail Centers; that is, they house prisoners from other jurisdictions as well as from their own. Another six (27%) have Full Jail Facilities and are able to house their own prisoners for extended periods of time (longer than 72 hours). Four counties (18%) of the 22 have Limited Holding Facilities which are limited to housing prisoners for less than 72 hours. After 72 hours of being incarcerated, the prisoners in the Limited Holding Facilities must be transported to a Regional Jail Center in a neighboring jurisdiction.

Thirty-three (60%) counties have a formal contract with another jurisdiction to house prisoners. There were a total of 1,788 prisoners that were housed in another county's jail facility. The number of prisoners taken to another county's jail facility ranged from two prisoners in one county to 929 prisoners in another county. The responding counties traveled a total of approximately 134,924 miles transporting prisoners. The jail fee paid for each prisoner per day ranged from \$30 to \$147.50. Eleven counties paid \$50 per prisoner per day. The total dollar amount spent by the responding offices in 2002 for jail fees to other jurisdictions totaled \$1,370,999.

Of the 22 counties that have a jail facility, 10 (45%) of them have a contract with the U.S. Marshal's Office to board federal prisoners.

Jail Budget

Twenty-one offices reported a combined jail budget total of \$18,750,290 (Roberts County Sheriff Office did not report a budget). The jail budgets are further analyzed for each county in detailed tables by population groupings located in the back of this publication. The combined jail budget by category for reporting offices is as follows:

Budget Category	Dollar Amount
Personnel Salaries and Wages	\$10,905,316
Personnel Benefits	\$2,923,166
Operating Expenses (Utilities, Contractual Services, Supplies, Food, etc.)	\$4,568,208
Capital Outlay (Construction, Land, Major Repairs, Equipment, etc.)	\$353,600
TOTAL	\$18,750,290

The authorized salary range (low to high) for the correctional officers is \$10,712 to \$39,906.

Jail Personnel

The responding 22 counties report a total of 441 employees involved in the operation of the jail facilities. Over three-fourths (375 or 85%) are full-time employees, with 15% (66) working part-time. The jail personnel are involved in direct custody functions, clerical/maintenance activities, and/or the administration of the facilities. Seventy-three percent (320) of the employees are involved in direct custody functions, with titles such as correctional officer, guard, jailer, etc.

Jail Personnel	Total Employees	Full-Time	Part-Time
Direct Custody Functions – Correctional Officers, Guards, etc. - Males	149	120	29
Direct Custody Functions – Correctional Officers, Guards, etc. - Females	97	74	23
Direct Custody Functions – Correctional Officers, Guards, etc. – Gender Unknown*	74	74	-
Clerical/Maintenance – Typing, Filing, Cooking, Cleaning	70	56	14
Administrative – Sheriff, Chief Correctional Officer, Assistants, etc.	51	51	-
TOTAL	441	375	66

*Minnehaha SO is in the process of hiring additional staff for their new jail.

It should be noted that the meaning of the term “jail personnel” will vary among offices. Of the 22 responding offices, 12 counties report that jail personnel have varied responsibilities within the offices; such as deputies, dispatchers, and secretaries in combination with their duties as correctional officers. These split responsibilities should be noted when examining the detailed tables in the back of this section for the specific offices.

Collectively, the number of correctional officers that have shared duties breaks down as follows:

- 46 Correctional Officers/Dispatchers
- 15 Correctional Officers/Deputies
- 9 Correctional Officers/Other Combinations
- 3 Correctional Officers/Secretaries

Holding Capacity

The following table breaks down the collective holding capacity of the jails by each category as of January 1, 2003:

Holding Capacity Category	Number
Number of Male Prisoners	1,277**
Number of Female Prisoners	240*
Number of Juvenile Prisoners	27*
TOTAL	1,544

*It must be noted that three offices could hold either female or juveniles. They cannot hold both at the same time. Their counts were put into the Female Prisoner category.

**One jail houses up to 58 prisoners and did not categorize their holding capacity by type of prisoner. Their count was put into the Male Prisoner category.

Collectively, 45,547 prisoners were received and 45,221 were released in 2002. Three counties did not have records available to respond. The total number of prisoner days was 287,619.

The table below analyzes prisoner days for inmates held for other jurisdictions:

Out-Of-County Prisoner Days	Number
Neighboring County Prisoner Days	31,229
Federal Prisoner Days	41,051
TOTAL	72,280

Responding agencies report that the daily jail fee charged to other jurisdictions for boarding prisoners averages \$52 per day. The range was \$34 to \$80. The collective total amount of jail fees received from other jurisdictions in 2002 was \$3,809,462. The total amount of county work release monies collected was \$1,258,433.

County jails often serve a dual function as detention facilities for the unconvicted and as confinement facilities for persons convicted of offenses. The following table analyzes this information collectively:

Detention/Confinement Facilities	Number
The number of prisoners in 2002 who were convicted inmates.	21,118
The number of prisoners in 2002 who were unconvicted inmates.	18,905
TOTAL	40,023*

*Three counties were unable to give a breakdown as to convicted or unconvicted.

The average age of a jail facility is 35 years. The range was from four years old to 94 years old.

The remaining information collected for the jails is presented in tables following the "Jail Definitions". The counties are arranged alphabetically within the following categories: 1) Regional Jail Centers; 2) Full Jail Facilities; 3) Limited Jail Facilities; and 4) No Jail Facilities. Definitions are provided for clarification.

The new Minnehaha County Sheriff Office and Sioux Falls Police Department is "under construction". This picture was taken on 6/05/03. Target date for completion is October 2003.

Jail Definitions

Regional Jail Center – jail facility which houses prisoners from at least one other jurisdiction in addition to the county's own prisoners.

Full Jail Facility – able to house county's own prisoners for extended periods of time (longer than 72 hours).

Limited Holding Facility – limited to holding prisoners for less than 72 hours. Any prisoner who must be incarcerated for more than 72 hours must be transported from a limited holding facility to a regional jail center.

Total Jail Personnel – includes both full and part-time employees involved in jail operations. May include personnel with other responsibilities in the office.

Receive Prisoners From – the counties a regional jail center will receive prisoners from.

Total Prisoner Days – the sum total of days that each prisoner spent in jail. For example, three prisoners for four days equals 12 prisoner days.

Out-Of-County Prisoner Days – number of prisoner days when inmates were held for other jurisdictions, such as neighboring counties and federal agencies.

Daily Fee Charged – price charged per day to other jurisdictions for boarding their prisoners.

Prisoners Received – number of prisoners received by the facility in the year 2002.

Prisoners Taken To – jurisdiction where counties with a limited holding facility or no jail facility take their prisoners.

Total Prisoners Transported – number of prisoners the county had to transport to another jail facility in the year 2002.

Mileage Transporting Prisoners – number of miles traveled by the office transporting prisoners to another facility in the year 2002.

Daily Fee Paid – price paid per day to another jurisdiction for boarding of prisoners.

Total Jail Fees Paid – total dollar amount spent by the office in the year 2002 in jail fees to other jurisdictions.

Total Jail Fees Received – total dollar amount received by regional jail centers from other counties for boarding their prisoners.

Work Release Monies Received – dollar amount of county work release monies collected by the office in the year 2002.

When reviewing the jail budget data, it is important to realize that some offices have completely distinct budgets for their jails separate from their office budget. Other counties cannot separate jail costs from their total budget. In these counties, it is difficult to distinguish the expenses incurred for jail personnel from the office personnel costs, and the jail operations expenses from the office expenses, etc. Budget comparisons among these counties are difficult.

Training

Offices were asked how many hours of advanced training is received per deputy, per year on average. The number of hours ranged from a low of zero to a high of 80 hours. Thirteen offices or 24% reported 40 hours of advanced training per deputy, per year. Seven offices (13%) reported 20 hours.

Ten offices (18%) require a certain number of advanced training hours per year for deputies. The number of hours per year required ranged from a low of 10 hours to a high of 40 hours per year.

Offices were asked if they favored a minimum number of hours of advanced training per year for deputies; 34 offices (62%) said yes. Of the 34 offices that did favor a minimum number of hours, 15 offices (44%) wanted 40 hours per year. The number of hours ranged from a low of eight hours to a high of 80 hours.

Offices were asked how many hours of advanced training is received per jailer, per year on average. The number of hours ranged from a low of zero to a high of 50 hours. Five offices reported eight hours of advanced training per jailer, per year. Four offices reported 40 hours.

Four offices required a certain number of advanced training hours per year for jailers. Three of the offices require 40 hours and one office requires 10 hours.

Of the 48 offices (87%) that require deputies to qualify with firearms, 33 offices (60%) require yearly qualification. Eleven offices (20%) require bi-annual qualification; three offices (5%) require quarterly qualification; and one office (2%) requires three times a year.
